

Experiential education for a more conscious society and clean environment

WHAT WE DO?

Captain Fanplastic turns young learners (6-10 years), with a **#NoTrashButTreasure** mindset, into friendly pirates that hunt for treasure, consume less plastic and manage it better. Since 2018 we have been developing a grassroots movement that contributes to the United Nation's Sustainable Development Goal's (4, 12, 13 & 14) in their lifetime.

HOW WE DO IT?

Primary Schools
Activations
E-learning
Books

Households
E-learning | Books

NGO's
